TECHNICAL INFORMATION

Since the rink has 21 x 42 meters, this means that for the straight line step sequence it would be almost impossible not to pass the 4m from the axis if skaters want to do 3/4/5/ level element as there will be no space to do steps and have good flow.

Therefore World Skate Europe - ATC have agreed that for couples dance and solo dance the 4 metre maximum will not apply as long as the skaters use all of the rink and not just cross from one barrier to another on this element.

Please can all Federations notify their skaters/trainers of this urgently.

EXTRA COACH

According the rules, each Nation can have Max 4 official coach (1-10 skaters 2 official coaches, 11 or more skaters 4 official coaches, rule 701). In addition to the free extra coaches, each nation can add more extra coaches by paying 25€ per each to the organization.

EXTRA TRAINING

There will be 2 additional rinks for unofficial trainings, one in the city of Lagoa and the other one in the city of Ponta Delgada. There will be no charge/fee for these trainings, but all of them must be requested until August 20th. To request any trainings in these rinks please contact the following e-mail geral@appdl.org.

TRANSFERS

All information about the transport between the official hotels and the rink can be found at this link: <http://www.appdl.org/euroazores2018/transfer-hotel-rink/> .
